- Case Studies of 50 Cal & 338 LM use in the U.S.

Course Description

This 5-day Instructor Certification level course is ideal for Law Enforcement agencies who are wanting to begin a Large Caliber program and/or want to validate their current program. Current domestic and international terror trends indicate a need to increase the procurement & deployment of large caliber rifles ranging from conventional SWAT operations to planned overwatch positions. Vehicles intrusion continues to be a means of inflicting mass injury and death overseas and in the homeland. Large caliber rifles properly trained, deployed and with the correct ammunition can be an effective mitigating factor in reducing or stopping these attacks.

This course will require multiple teach backs and curriculum development from attending students. All students are required to have a basic instructor certification from their agency or other trainer provider. Instructor certification will be effective for 3 years. Re-certification will be offered.

Course Pre-Requisite: Students must be current Law Enforcement or Military and at a minimum must have successfully passed a reputable basic sniper course. Subsequent advanced sniper courses and training are preferred. Verification may be required by the Instructors.

GEAR LIST:

- ROUND COUNT PER STUDENT: 200 ROUNDS (RECOMMENDED 50 BMG- HORNADY A-MAX 750gr; THUNDER AMMO MATCH82; BARRETT BALL 661gr; CBC BALL M33)
- AMERICAN EAGLE XM33C AND/OR CHINA PRODUCED AMMO NOT ALLOWED
- RIFLE: 50 CALIBER BOLT OR SEMI-AUTO; 338 LAPUA MAGNUM BOLT RIFLE. ANY OTHER CALIBERS PLEASE EMAIL (info@tacflow.com)
- TRIPODS: QUALITY TRIPOD/RIFLE REST THAT WILL SUPPORT YOUR LARGE CALIBER RIFLE DURING FIRING
- GEAR: SNIPER KIT/DOUBLE EAR PROTECTION
- OPTICS: QUALITY VARIABLE POWERED RIFLESCOPE (NIGHTFORCE/VORTEX ETC.) NO RED DOT MOUNTED OPTICS

SPECIAL NOTE: Any rifle that was the result of a law enforcement seizure or gift and is not in new original condition should be sent back to the original manufacturer for a Manufacturers Inspection prior to attending this course. This is to ensure proper functioning and reduce any potential liability that may occur. No rifles will be allowed in the course that have had modifications not performed by the original manufacturer or certified armorers or gunsmiths. Documentation may be required.
