

OCT 24-25, 2014/ Northwestern, AZ (10 miles NE of Wikiup)

\$575/ student

Includes the General Admission Spectator fee for the 3 day event

We will be holding our **2 Day TACFLOW SACP™ Combat Pistol Course** Friday and Saturday of the **3 Day Big Sandy Machine Gun Shoot** in Northwestern Arizona.

What could be better than a weekend of firearms training from top tier instructors while enjoying the largest machine gun shoot in the USA? Nothing we can think of! Join us for one of our most popular courses during one of the most extraordinary events you've ever experienced, complete with the best fireworks show you've ever witnessed!

Class will run for 2-3 hour blocks both days, so there will be plenty of time to enjoy the event. Additional tickets to the Big Sandy Shoot are available for \$25 for non-shooters.

TACFLOW SACP™ COMBAT PISTOL COURSE

The TACFLOW Structural Alignment Combative Principals (SACP™) Combat Handgun Course is designed to teach alignment of the body to a target while in a fluid combat environment. Using the TACFLOW System, the shooter's ability to maintain a natural point of aim while in a mobile defensive scenario positively reinforces other key tasks covered in this course. It includes target identification, pistol theory, combat marksmanship, proper weapons manipulation, and shooting while moving. The intelligence of SACP™ forms a seamless bond between the upper and lower body creating a stable, and mobile weapons platform. SACP™ Combat Handgun is ideal for any skill level of individual looking to take their shooting, and body alignment to the next level of proficiency.

TOPICS:

- Combat pistol theory.
- Structural Alignment Combative Principles (SACP™) handgun.
- Combat marksmanship.
- Weapons manipulation.
- Malfunction clearances
- Methods of carry.
- Shooting while moving.
- Multiple target engagement.
- Use of cover and concealment.

GEAR LIST:

- Eye and Ear Protection
- Pistol / 700 rounds (brass and copper only)/ holster
- Minimum of 3 magazines
- Gun cleaning kit
- Water/ Snacks/ Sunscreen

INSTRUCTORS

Rigo Durazo is the founder of Tacflow and the Director of Combatives for Craft International. He has worked in the global security field for over 20 years. He specializes in low signature protection and anti-kidnapping.

He has spent years translating this information to operators including SWAT officers, Secret Service, DEA, Undercover/ Narcotics officers, Human Trafficking Units, Patrol, and Military personnel.

Michael Puente has over 11 years of experience in LE, including a SWAT operator for one of the busiest SWAT teams in the country. He was also the Sniper Team Leader and Active Shooter Instructor for the team and the department. Michael has also been part of dignitary protection operations that included major political figures, multiple high profile VIP's, and other celebrities. For the last 5 years he has designed, coordinated, and teaches at one of the largest sniper training events in the country. "Sniperfest" brings snipers together from all over the U.S. and provides teaching from some of the best instructors in the country as well. He also has an aerial platform instructor certification and is one of the first people to help bring the tactic to Arizona. He is currently a precision rifle instructor for the NRA. Michael has also been a student and adjunct instructor for Rigo Durazo for over 5 years.

BIG SANDY MACHINE GUN SHOOT

Largest Machine Gun Shoot in the U.S.

A twice a year, three day weekend of friends, weapons, targets and gear in Arizona's high, western desert. With a quarter mile long firing range, populated by hundreds of shooters, The Big Sandy is the largest machine-gun shoot in the United States. Held in Northwestern Arizona, approximately 10 miles northeast of the town Wikieup. Some targets fly the length of the range at high speeds, some explode.

SPECTATOR BASIC INFO

Students will enjoy a Spectators Pass to the Big Sandy Machine Gun Shoot. A spectator is one that does not own, or chose to bring, a machine gun- yet is interested in coming to see the event or in shooting various machine guns rented from MG shooters.

Their machine gun shooters are not only collectors, but are also into the history. You will see things from the very old (Gatling gun) to the very newest (minigun). They can tell you not only the guns capacities, but in which wars and battles they were used. Fortunately for us, most enjoy talking about them.

There is a Daily Schedule List and the time of the subgun matches that you are encouraged to watch and a schedule letting you know when the line will be hot. The announcement of special events, such as the firing of a cannon, will be announced in plenty of time for you to make your way to where it will be taking place. Unfortunately, the announcements cannot be heard in the camping and parking area. (Class will take these events into consideration, and we will break to enjoy the main events.)

FULL AUTO RENTAL

The SPECTATOR entrance fee (included) plus the price of the rental/ammo is all you need to rock and roll. MG Shooter's LLC will be the only unit renting weapons, in the rental position of the line. No user supplied ammo is permitted. All ammo will be provided by MG Shooter's LLC.

GENERAL LOCATION INFORMATION

DINING

Food is available for purchase and all profits this year from food sales will be going to the 4-H Club in Kingman. Food will be on site from Friday breakfast, through Sunday breakfast. We suggest bringing snacks and water for during class, plus any food you may want during the evening if you are camping on site.

FACILITIES

Porta Potty's are provided at the rear of the firing line, in the match area and in the spectator parking area. They are scheduled for cleaning every day.

Non Potable water is available on a limited basis. Please bring all drinking and potable required. Remember this is the desert.

There are no facilities for Gray water or Black water. Please transport to the nearest dump area. Dumping facilities exist in both Kingman and Wickenburg.

CAMPING AND LODGING

Camping in the lower area is FREE and is available on a first come first serve basis. There is ample space for parking and camping at the lower level. An RV park is available in Wikieup 10 miles south on Highway 93. Nearest formal motels are in Kingman, approx 1 hr away. Most prefer to camp at the Big Sandy Range.

Portable generators are restricted from 2200 to 0730 hrs both in the lower area and the main firing line/shooting area. Please be respectful of others during this time frame.

More Information on the Big Sandy Machine Gun Shoot can be found on their website -
