*\*If you do not have a conversion kit for your students, please contact us for type on site.*

## Course Pre-Requisite:

Students must be current Law Enforcement or Military.

## Course Description

Students will learn the building blocks for all weapons- from carbine, pistol and empty hand combat. Students will learn how to use these principles during suspect controls and team tactics while managing a carbine.

They will apply while shooting, practicing room clearing, and HRT scenarios. This is principle-based training meant to address trained/organized multiple-threats such as terrorist and domestic terrorist attacks for Homeland security. These techniques can be easily implemented in multi-agency, as well as joint task force operations.

## Topics

- To study force on Force altercations to better understand angles and behavior under stress
- SACP Drills/ Range day implementing lessons learned from force on force to develop new shooting platforms
- Carbine Movement Drills
- Carbine Combative Solutions/ Suspect Control with Carbine
- Slow and Deliberate room clearing
- Hostage Rescue Team Tactics
- Low Light Scenarios
- High Risk Warrants
- Leveraging Ballistic Shield in CQB
- Vehicle Assaults
