**Commerce Township, MI 48382**

## Course Description

“A shot is rarely taken in the prone.” - Josh Stabler (Hog Saddle)

This is especially true for the Law Enforcement Sniper in an urban or rural environment. The ability to take a shot regardless of the terrain is a powerful tool to have. The DHT LE Tripod Course is designed to familiarize the police sniper with the fundamentals of shooting off of a tripod along with advanced tripod techniques. All of the training is based off of real-world scenarios experienced by our cadre in the field. All courses are taught by Law Enforcement Snipers who have intimate knowledge of tripod shooting supported with real world experience.

## Topics covered include:

- Principles of Shooting
- Fundamentals of Supported Shooting (Standing, Kneeling and Seated)
- Tripod Shooting (Standing, Kneeling and Seated)
- Rapid Deployment
- Training Philosophy and Development
- Rapid Deployment Drills
- Spec-rest Intro
- Advanced Tripod Techniques
- Vehicle Hide and Overwatch Principles & Techniques
- Vehicle Hide Engagements
- Equipment Selection and Acquisition

# Police Sniper Tripod Utilization Course

*Presented by TacFlow Academy | Hosted by Anoka Police Department*
