Course Description

The 4 Day Ballistic Shield Instructor Course is a culmination of years of actual operational experience and training evolutions. This is a comprehensive look into various law enforcement high risk situations and how best to leverage ballistics shields to increase favorable outcomes. Our tactics presented are geared toward worst case scenario and everything is pressure tested. If your agency or team isn't incorporating ballistic shields into your movement indoors or in open areas, this class will allow you to explore the effectiveness of shield work and bring it back to your department.

Course Topics:

- Deliberate clearance
- Low light shield work
- Threshold management
- HRT/crisis entry response
- Active Shooter Response
- Window team breaching options
- Vehicle assault/vehicle hostage rescue
- Individual live fire skill sets
- Combative applications

Gear List:

- Pistol/ 700 rounds
- Carbine/ 100 rounds
- 140 rounds Simunition (majority pistol)
- Duty gear, vest, helmet
- Eye & ear pro
- Dedicated pistol mounted weapon light
- Force on force face & throat protection
