

Basic Police Sniper Course

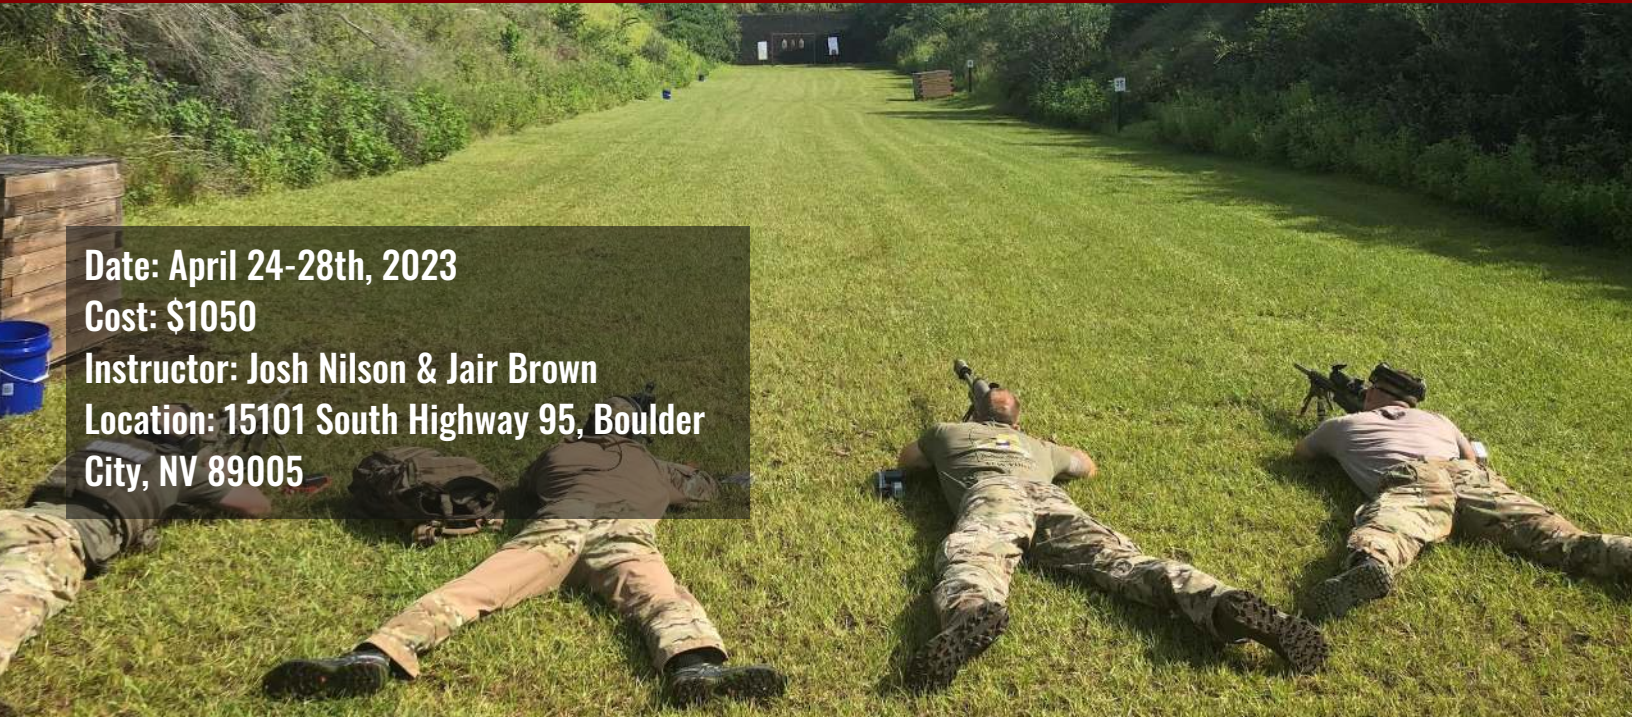

Presented by TacFlow Academy | Hosted by Henderson Police Department

Date: April 24-28th, 2023

Cost: \$1050

Instructor: Josh Nilson & Jair Brown

**Location: 15101 South Highway 95, Boulder
City, NV 89005**

Course Description

Our 5-day, 50-hour curriculum is designed for law enforcement personnel that are currently assigned to a SWAT team and are designated to perform the specialty of police sniper. This is a Certification Level course and will require each participant to pass a written examination, qualification course and fieldcraft exercises. Our Basic Police Sniper course provides a strong foundation of the fundamentals of precision rifle shooting, positional shooting, basic tripod shooting & fieldcraft. The teaching methodology conducted is crawl, walk, run, and begins with the proper fitting of the precision rifle to the student. Each day's learning objectives will build upon the previous day emphasizing consistency with every task. In addition to the shooting aspect, operational deployment procedures from the vehicle to conventional SWAT callouts and establishing an effective observation position will be taught. Case studies and legal precedents involving the use of deadly force by police snipers will be discussed. The American Sniper Association Police Sniper Utilization Report will be introduced and discussed.

P.O.S.T. Accreditation is available for this course.

Each student will receive a one year membership in the American Sniper Association.

Topics covered include:

- Marksmanship
- Ballistic theory and Calculations
- Kit Selection
- Alternate Positions
- Mission Planning
- Mission Deployments
